CHRONICLES

DESCRIPTION

Once a feared gunslinger and lawman, the legendary Bat Masterson trades his sheriff's badge for a pen to chase stories instead of outlaws. On a quest to separate the truth from fiction, Masterson travels the frontier to chronicle the little-known history behind some of the Old West's most memorable tales: a school-teacher-turned-sheriff takes down a notorious outlaw, legendary Marshal Bass Reeves arrests his own son, a determined detective finally captures infamous stagecoach robber Black Bart, a Chinese immigrant earns respect in Deadwood, and more. In every headline-grabbing tale, Masterson captures a bygone age when ruthless gunmen terrorized the frontier and fearless men and women stepped forward to bring law and order to the West.
